

## Important Info / Notices

To Obtain a Permit for Replacing Fencing (3 panels or more): Please contact Darla Sulecki with the City of Haltom City at 817-222-7735 or [dsulecki@haltomcitytx.com](mailto:dsulecki@haltomcitytx.com) for a permit to replace three or more panels of fencing.

### Planning an Improvement?

*Building a shed, installing a play structure, staining your fence, or making any other exterior changes to your home or lot?*

Homeowners commonly want to make changes or additions to their home to enhance its look. Keep in mind, if you plan on enhancing your home such as installing a shed, deck, play structure, pool, gutters, solar screens, or modifying your current landscape plan (or any exterior change or addition to your home or lot), you will need to fill out an Improvement Request Form and submit it to the Architectural Control Committee (ACC).

For those homeowners who have already made exterior changes or additions without obtaining approval, we suggest and encourage you to complete and submit the necessary paperwork. Completing the form and submitting it back to the Association will ensure that your improvement is not in violation of the Use Restrictions, which will help maintain your property values.

This is a fairly simple process and we hope that you will take advantage of this opportunity. An improvement request form can be found under the "Documents" tab on this website. If you would like to submit an online form simply click on the ACC Request button and follow the instructions. This form can be used for any future or existing improvements. When submitting for approval of an existing improvement, please include a plot map of your lot and a picture of the improvement with your submission.
